**PARAMOUNT  
GARDENS'  
LIST  
OF  
ROCK GARDEN  
PERENNIALS  
FOR 1938**

This catalog is worth reading thru from first to last. It is not possible to emphasize on the first page all the exceptional items it contains and there are more unusual and choice rock garden plants listed herein than in any other catalog of its kind.

We wish to emphasize the fact that all the plants listed are hardy anywhere in this country and very few are difficult. We have many choice perennials in our exhibition garden which we do not list and we extend a cordial invitation to come and see them at any time.

We guarantee safe delivery in good condition.

Three plants of one variety may be ordered for  $2\frac{1}{2}$  times the unit price; five plants of one variety for the price of four.
